Canadian Bunker Adjustment Factor Announcement

To Our Valued Customers,

Please be advised that effective **September 1, 2007**, Maersk Line will be increasing the bunker adjustment factor (BAF) as a result of rising fuel costs.

The following BAF increases will be applicable for all cargo moving to/from North Europe and Canada only:

Old Tariff	New Tariff
USD 390 per 20 ft. container	USD 479 per 20 ft. container
USD 780 per 40 ft./45 ft. container	USD 958 per 40 ft./45 ft. container

We thank you for your business and look forward to continually serving your transportation needs.
